

KSAN 95 FM

Stereo Country

~~PATTY WINTER~~
Engineering & Production

9 July 1981

Dear Bill,

Thanks for your letter about receiving KSAN in Colorado. It's very surprising to hear that you were getting stations from this area.

We did indeed play a Republic Airlines spot at about 4:15 that day (29 June '81), so I am able to confirm your reception report. (Good thing you were able to get one commercial; like many other stations, we don't keep entirely accurate logs of our music!)

I used to do a lot of AM and shortwave DX'ing when I was a kid; finally got back into it and got my ham ticket a couple years ago after 10 years as a professional radio engineer. (I'm "going amateur" instead of "going pro"!) Maybe we'll meet on the ham bands sometime.

Yours,

Patty Winter

*P.S. We don't have any
KSAN postcards, so I'm
enclosing a bumper sticker
and a jeans patch. Ⓜ*
