Would appreciate it very much if you would send me a card or letter  
of verification on my reception of your station. I have enclosed a  
self-addressed, stamped envelope for your convenience in replying.  
Thank you very much for this favor.

Your signal was coming in with the following clarity:  
Very strong for a few minutes but fading in and out. Numerous other stations  
on the dial for a few minutes but only one identified was KOME in San Jose.

Nucla/Naturita are two towns located approximately 350 miles S.W. of  
Denver in Uranium mining country. We have a population of around  
2000 people here.

Will be looking forward to hearing from you soon. Good luck to you  
in your future broadcasting activities.

Sincerely,
