Dear Bill:

This is to confirm your reception of our station on May 18, 1977. The program you heard was a part of our "Morning Mix," with Anath White.

For your information, we broadcast from the top of Lookout Mountain, west of Denver, with an ERP of 30kW (H&V). We have a 50 w contour into Cheyenne, Wyoming, and are heard occasionally in Sterling, Colorado (180 miles). Now with a friendly skip, we get to Nebraska.

Thanks for your letter. Hope you can hear us again sometime.

Sincerely,

Wayne Roth  
General Manager
