

CRYSTAL KLIR

FM 100
STEREO

August 3, 1977

Mr. Bill Nittler
603 West 1st
McCook, Nebraska 69001

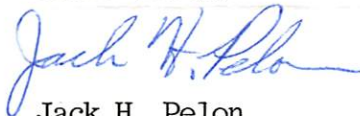

Dear Mr. Nittler,

Congratulations on your reception of our station at McCook, Nebraska from 12:28 AM MDT to 12:30 AM MDT on June 7, 1977. We always like to hear from long distance listeners.

KLIR broadcasts on 100.3 mhz. 24 hours a day with an effective radiated power of 100,000 watts, circular polarized, from the top of a 497' tower located on the southwest edge of Denver. Our transmitter is a Gates-Harris 40kw running into a Jampro 6 bay antenna.

Thank you for your letter and be sure to keep listening.

Yours truly,

Jack H. Pelon
Chief Engineer
