Radio Station KLOV-FM
Loveland, Colorado

Dear Radio Friends:

I am very pleased to report reception of your FM station by me in McCook this date June 16, 1978, on 102.3 Mhz. The following is what I was able to log on your signal:

- 6:35 A.M. MDT "KLOV with the Hankus" announcement
Mentioned KLOV Meterologist, Stormy Steverson would be in on in an hour and gave weather summary and the watering schedules for homeowners.
Spot for First National Bank in Loveland. Music followed
- 6:38 Spot for Toro Mowers and Ferguson True Value Hardware
Spot for Black Steer in Downtown Loveland
Don Clark Interiors Spot, 1032 So. Lincoln Ave.
Spot for Larson's Furniture downtown. Music by Crystal Gale

Your signal was coming through with the following clarity:

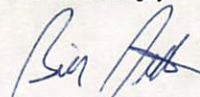

Very loud and clear with no fading. Reception also outstanding from Denver/Greeley/Fort Collins/Laramie/Cheyenne areas.

Would appreciate it very much if you would send me a card or letter of confirmation on my reception of your radio station. I have enclosed a self-addressed, stamped envelope for your convenience in replying. Thank you very much for this favor.

Although I have been Dxing on the broadcast band and short wave for many years, I just began listening on FM last summer. To date, I have logged 182 stations in 21 states and Mexico, with 131 of them being confirmed.

Will be looking forward to hearing from you soon. Good luck to you in your future broadcasting activities.

Sincerely,

Bill Nittler
