Dear Mr. Nittler,

This will verify your reception of KBKL-FM on August 26, 1994. We are a 100,000 watt FM station broadcasting from a top the Colorado National Monument at a height above average terrain of 200 feet.

I have enclosed a KOOL window sticker for your collection. Also, you will find a KOOL 107.9 FM Klub Kard.

Thanks and keep listening when you can.

Best Regards,

Tom Sheldon
