Dear Bill:

Re: DX Reception Report

Congratulations on being such an avid DXer and accumulating such a fine record. I would like to take a moment and apologize for our tardiness in verifying your report. This is a large facility with many departments and I suspect the original was lost in the paper shuffle.

I am pleased to report that your DX reception report of receiving CKRA on 96.3M_{Hz} on June 28, 1994 is correct, in every detail.

Good luck in your future DXing.

Sincerely,
96 K-LITE (CKRA)

Lyle D. Aumuller C.E.T.
Chief Engineer
