Dear Bill,

I am always happy to hear from you radio buffs. I find it most interesting when I receive a letter from a far-away place such as Nebraska. The commercials you listed are correct. I am enclosing a coverage map, bumper sticker and other literature we use in our business. Thank you so much for writing us a second time. I am sorry no one found the time to write back the first time. Many happy days ahead. Write again.

Sincerely,

*Gale Cinque*
