

September 28, 1977

Mr. Bill Nittler
603 West 1st
McCook Nebraska 69001

Dear Bill,

It was a pleasure to receive your report of hearing Q-103 in McCook, your log of our activities confirms your reception.

Also, here's some information about KQCR you might be interested in: we signed on the air April 26, 1975, and use Drake-Chenaults XT-40 program package on a Schafer 902 automation system.

We broadcast with a Collins 831-G1 transmitter (25kw), with circular polarization, located at our transmitter site near Robbins, Iowa.

Our antenna height is 390 feet.

Thank you again, and we hope you'll be able to hear us many times again in the future.

Sincerely,

A handwritten signature in cursive script that reads 'James C. Gnagy'.

James C. Gnagy
