Dear Mr. Nitter,

This is a response to the letter I received from you indicating that you received KQ92 in Colorado. It was indeed our station which has transmitter facilities just northwest of our licensed city of Carthage, Il. It is always very interesting to know that our signal can get to areas far beyond our normal listening range.

Thank you for contacting us and if you ever get the pleasure of hearing our station feel free to let me know again by mail or feel free to email me at [kevint@burlingtonradio.com](mailto:kevint@burlingtonradio.com).

Sincerely,

A handwritten signature in black ink, appearing to read "Kevin Trueblood", is written over the word "Sincerely,".
