Mr. Bill Nittler  
P. O. Box 824  
Mancos, CO 81328

Dear Mr. Nittler,

I am pleased to confirm your reception report of our radio station form 0135 to 0205 on May 26, 2001. A check of the station programming logs confirms the details of your report exactly.

I was recently on vacation in your fine state, and while I did not get to the southwest corner of Colorado, I was very impressed with the Denver area and plan to return to see the rest of the state. In fact, there is a historic hotel in Durango that was founded by my great grandfather that bears my family name. I have never been to the Strater Hotel but I have heard about from many people who have visited who say it is quite impressive. I also have some very dear friends who live outside of Cortez who I have not seen in quite some time that I want to visit also.

One thing that I cannot confirm is exactly which transmitter you heard, because we program two stations on 92.7 MHz with the same signal, but on two different transmitters: WKIE 92.7 MHZ on Arlington Heights, IL with an ERP of 1.8 kilowatts, and WKIF 92.7 MHz in Kankakee, IL with an ERP of 3.0 Kilowatts. The same signal is also heard on WDEK 92.5 MHz in DeKalb, IL with an ERP of 20.0 Kilowatts.

Thanks again for your reception report!
