Dear Radio Friends:

My hobby is DXing (listening for radio stations) on the AM and FM bands. Reception reports are sent to all the stations that I hear in the hope that I will receive a verification of my reception of the station.

Such a report was sent to your station but to date has gone unanswered. I realize that a radio station is a busy place and it is easy to overlook someone's hobby when it is not vital to your business. However, I would once again like to request a verification of my reception on your letterhead or coverage map.

A copy of my previous reception report is attached.

The interest that I have when I was in high school heard more than 3500 radio stations on FM more than 500 stations
