Modern Christian Music
MERLE BLAIR - General Manager

August 16, 1978

Bill Nittler
603 W. 1st.

McCook, NE 69001

Dear Bill,

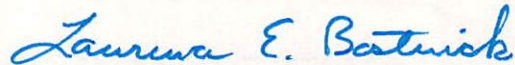

This is to verify your reception report of 8-13-78.
Our program log indicates that your report is accurate.

On August 7, 1978 we increased our effective radiated
power from 5.3 kw to 100 kw. Yours is the first DX
report to come in since then and it is much appreciated.

KDVV is a 24-hour Christian Music station. We are fully
automated with mostly Gates equipment including the new
Harris (Gates) transmitter.

Thanks again for your fine report.

Laurence E. Bostwick

Chief Engineer KDVV
