WE ARE PLEASED TO VERIFY YOUR RECEPTION OF KGNO-FM ON SUNDAY MAY 8, 1977. HOWEVER THE FREQUENCY IS 95.5, NOT 95.1. STILL, IT IS REMARKABLE THAT OUR SIGNAL REACHED AS FAR AS NEBRASKA, AS OUR EFFECTIVE RADIATED POWER AT THE PRESENT TIME IS 25 Kw. IN THE NEAR FUTURE IT WILL BE INCREASED TO ~~1x~~ 100 Kw.

THANKS VERY MUCH FOR YOUR LETTER, AND WE LOOK FORWARD TO HEARING FROM YOU REGULARLY AFTER OUR POWER INCREASE.
