Dear Bill:

Thank you for your letter and the report of having heard our FM station on the morning of June 2, 1977 from 8:16 to 8:29 AM up there in McCook. It is interesting to note just how far our signal does reach out at times.

This is to verify your report as being correct, and our thanks again to your for writing. I hope you will continue to enjoy your hobby of dx-ing.

Sincerely,

Loren Cook
