Dear Mr. Nittler,

Please excuse my tardiness in answering your reception report. Our format makes confirming such short reports (7 minutes or so) *difficult*. As best I can tell by our program logs, I can confirm your reception of KMUW on June 11, 1978.

Although it usually takes me quite a while to answer, I do appreciate getting these reports. So far they've ranged from Florida to Saskatchewan. Good Listening!

Sincerely,

James Sensenbach
