Dear Mr. Nittler,

Thank you, thank you, thank you!
I can't tell you how pleased and encouraged we get every time we receive a letter like yours. K TTL was granted a license from the F.C.C. on Dec. 14th 1977. We are licensed at 100,000 watts, with the antenna 570 ft above average terrain in Ensign, Kansas which is about 13 miles to the west-southwest of Dodge City.

Your log is correct in every detail, and I am overjoyed that you spelled my name correctly! (most folks get it wrong!) Will certainly be saying hello to you, and asking if we have any other "Cattle Country Friends" in McCook.
