

Mr. Bill Nittler
Box 824
Mancos, CO 81328

July 15, 1996

Dear Mr. Nittler,

I'm sorry your original letter went unanswered last year. 1995 was a tumultuous year for KEDM with staff turnovers and a resulting backlog of work that we are still trying to catch up. I do, indeed, recall your original report and can confirm that you picked up KEDM's signal on July 31, 1995. Too bad that you can't pick us up regularly so that we could send you a public radio membership form--we need all the audience we can get.

Good luck in your hobby and I hope you'll catch us again, sometime. I, myself, am headed to Colorado toward the end of this week. My relatives are hold a family reunion in the mountains outside Fort Collins, next weekend.

Best of luck and here's hoping for a repeat on our skip anniversary later this month.

Sincerely,

A handwritten signature in blue ink, appearing to read "Mark Simmons". The signature is fluid and cursive.

Mark Simmons,
KEDM General Manager/Program Director
