Dear Mr. Nittler:

Station KTLN at 90.5FM (not 90.1 as shown in your letter) is located in Thibodaux, Louisiana, and is operated by the University of New Orleans where the studios are located for both WWNO 89.9FM and KTLN. KTLN was inaugurated in August 1995 and transmits only 200 watts, while WWNO's signal is at 50,000 watts.

I hope this information meets your needs.

Yours truly,

A handwritten signature in blue ink, appearing to read "John S. Batson". The signature is fluid and cursive, with a long horizontal stroke extending to the right.
