Glad to hear we made it to Colorado -
We are located in Ruston, LA, which is in the
North Central part of the state - ~~The~~ The I-20
Highway runs right through the center. Ruston
is also the home of Louisiana Tech University,
a school of about 18,000 students - We are a
100,000 watt FM - We have a 1300 foot
tower about 15 miles south of us which we
microwave too. We are 24 hours country &
cover into 4 states, Arkansas, Texas, Mississippi
& Louisiana.

Thanks,

Bob Day, P.D.
