

WKZY

kozy - 97, fm stereo

Mr. Bill Nittler
603 W. 1st
McCook, NE 69001

Dear Bill,

This letter is to confirm that we recieved your letter. Thank you for your comments.

Just a few facts for you:

We are 90,000 watts, horizontal. Our tower is 1,060 ft. above average terrain. We are programmed for adults, playing a blend of easy listening vocals and instrumentals, with news on the hour every hour 24 hours a day. We do sign off at 1:00am Monday mornings and sign on at 5:45am. This allows us to do maintenance and also allows our overnight person a day off (Joan Shook).

Please do not write back and ask for a program schedule, because the above information contains all I can tell you about our programming schedule.....Music & News.

Once again its nice to hear from Dxers, and thank you for your comments.

Sincerely,

Mike DeAgostino
