July 10, 1990

Dear Bill;

I received your KCRB reception report from our St. Paul, MN main office. It is always fun to verify these reception reports.

Your report was accurate regarding our programming at 8:46 PM CDT. You heard us on one of the last days of our fiscal year and our Minnesota Public Radio network was in the midst of our last fund drive to meet membership goals.

I have included some information about Minnesota Public Radio along with MINNESOTA MONTHLY which goes to all of our members. Besides articles of interest to those who live in or visit Minnesota it contains our program guide. I have highlighted the listing for the program you heard. The program listings for July 25th through the 30th are slightly abbreviated due to the membership drive.

Thanks for writing.

Sincerely,

Eileen Stankavich
KCRB Station Manager
