Dear Mr. Nittler:

We received your letter and we are very pleased that you would take the time to write and tell us of your reception of our radio station. All the members of our staff found your letter extremely interesting and informative, and we are especially amazed at the number of Minnesota FM stations you have picked up through the years. Please let us know if you receive us again. We are very sorry that we did not reply the first time you wrote.

I have enclosed a copy of our coverage map and if you would like further information about KEEZ please let us know. Thank you again for your interest in radio and keep listening as long as possible right here at KEEZ FM 99.

Sincerely,

DaVonne Bartell
