A DEPARTMENT OF NORTHWESTERN COLLEGE, ROSEVILLE, MINNESOTA

ROSEVILLE, MINNESOTA 55113 / PHONE 612-636-4900

August 21, 1978

Mr. Bill Nittler
603 W. 1st
McCook, NE 69001

Dear Mr. Nittler;

We are in receipt of your report of reception of KTIS-FM near midnight on August 12, 1978.

A check of our records indicates your report is in substantial agreement with our logs, and confirmation of reception of KTIS-FM is hereby given.

Apparently there was a lot of interference, since the person you reported as 'Ray Peterson' is really Wayne Pederson; your report of substantial interference makes such a change quite possible!

We operate with a power of 74KW ERP horizontally polarized using an RCA antenna and a Harris transmitter, with a height of about 250'.

I am taking the liberty of enclosing a coverage map for our network.

Thank you for your report, and best wishes for your future DXing success.

Sincerely yours,

Lewis E. Munn
Chief Engineer
