Radio Station KLJZ
15800 Calvary Rd.
Kansas City, MO 64147

Dear Radio Friends:

I am very pleased to report reception of your FM station on skip. The following is what I was able to log:

Time: 8:30 A.M. CDT Date: June 28, 2001 Frequency: 88.5 Mhz.
8:30 A.M. "Downtown Kansas City, it's sunny and 72"
KLJZ Metro traffic sponsored by Hardees

Your signal was coming in briefly during a period of sporadic E reception. Logging was done on my Ford Taurus car radio.

Would appreciate it very much if you would send me a card or letter of verification of my reception of your radio station. I have enclosed a self-addressed, stamped envelope for your convenience in replying. Thank you very much for this favor.

Mancos is located in the 4 Corners area of Southwest Colorado between Cortez and Durango at the Gateway to Mesa Verde National Park.

Will be looking forward to hearing from you soon. Good luck to you in your future broadcasting activities.

Sincerely,

Bill Nittler

Thanks for the report! I am enclosing a program guide for our station - KLJC - 88.5 FM in Kansas City, Missouri.
