Dear Mr. Nittler:

This letter is to confirm your reception report of KWMU-FM 90.7 MHz on

It may interest you to know that KWMU is owned by the University of Missouri at St. Louis and has been on the air since 1972. KWMU broadcasts with an effective radiated power of 97,000 watts horizontal and 97,000 watts vertical from our twin RCA transmitters. Our antenna stands at over 1,000 feet above ground level.

Our format is mainly classical during the week, with jazz and some rock on the weekends, and we are an affiliate of National Public Radio. KWMU uses no limiting or compression.

Thank you for your report and happy DXing.

Dear Mr. Nittler

Thank you for taking the time to write KWMU.

I am happy to inform you that your Details of reception do coincide with the programming KWMU had on.

I guess I should always hope for fair skies and 76 degrees for "optimal" signal quality.

Sincerely,

A handwritten signature in cursive script that reads "Doug Maxeiner".
