Dear Mr. Nittler:

The program details that you described hearing on August 17, 1977 did indeed come from KXTR. My apologies for responding to your letter at such a late date. It got lost in the shuffle.

Sincerely,

Jim Browne  
KXTR Program Director

McCook, Nebraska 69001

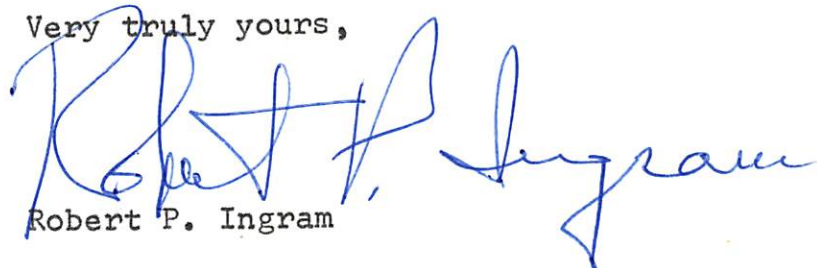

Dear Mr. Nittler:

Thanks ever so much for your letter of April 27, and we hasten to acknowledge you are absolutely correct about receiving on August 7, 1977 our broadcast of KXTR 96.5 FM.

At that time we advertised our KXTR program guide at \$7.50 per year. You received the signal, and we are delighted it reached McCook, Nebraska because it obviously is a substantial quantity of miles from Kansas City, Missouri.

Lots of best wishes.

Very truly yours,

Robert P. Ingram
