McCook, Ne., 69001

Dear Bill

This is to confirm your reception of FM station "KHAT" August 17, 1978, on 106.3 Mhz. Thank you for your report which was not bad considering we have only 3 Kw. ERP and directly across the street is a station with 100 Kw. ERP. We use an RCA transmitter and a 2 bay RCA antenna on the 9th floor of a building in downtown Lincoln. Studios are with our sister AM station, KECK, south-east of Lincoln.

Yours truly

Richard M. Simonsen
Chief Eng. KECK/KHAT
