

KHUB

1340 AM

105 FM

July 19, 1978

Mr. Bill Nittler
603 West 1st Street
McCook, Nebraska 69001

Dear Bill,

It's always nice to hear from listeners, especially when they're 250 miles away. I can confirm the spot for A & A Drug and the "HEY THERE LONELY GIRL" selection, however, since we are a mono simulcast AM/FM facility, the Stereo 105 jingle was someone else.

K H U B is in the process of moving our FM Transmitter to a new location and programming it separately from 1340 AM. Plans call for a much higher tower, and Stereo signal. You were listening to a 3,000 Watt ERP Sparta Model 602 FM Transmitter with antenna approximately 100 feet above average terrain. The FM transmitter is located in our studios at 118 East 5th in Downtown Fremont.

Thanks for listening.

Sincerely,

K H U B RADIO INC.

Ron Ladd
