Bill Nittler  
603 West 1st Street  
McCook, Nebraska 69001

Dear Mr. Nittler;

This is to verify your reception of K000-FM on 104.5 on June 27, 1977, from 8:22 to 8:30 CDT. We are happy to hear that you were able to hear our signal that far away from our transmitter, which is located at 39th & Dodge St.

I understand that you have heard our AM station on 1420 Khz. Our AM is operated Daytime only and the FM operates 24 hours a day and is silent from Midnight to 6AM on Monday mornings. Our complete studios for both AM & FM are located at 48th & Dodge Streets. If you are ever in the area, please stop in for a personal visit.

Again Bill, thanks for the report. Wishing you the very best with your hobby of DXing.

73's & Sincerely,

*Don Denver*
