Dear Mr. Nittler:

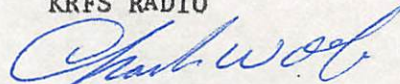

Thank you for your letter of May 17th informing us that you picked up our FM signal.

This letter will verify that from the description of the programming that you provided us with, you were listing to KRFS-FM.

For your information, KRFS-FM operates with an Effective Radiated Power of 500 watts horizontal and vertical from a 138 foot tower, so the distance the signal traveled is certainly a surprise to us.

Again, thank you for your letter.

Sincerely,
KRFS RADIO
