Dear Bill:

I received your letter today and was very surprised to hear from you. I imagine that McCook is some 150 to 200 miles from Crete. And that is a long way for an FM station that boasts some 3000 watts of power to be reaching.

Your summation of our log is correct for that morning of July 29th.

We will be looking forward to hearing from you in the future.

Sincerely,

Jim Jaworski
