02 NOV 94

Dear Mr. Nittler:

I recieved your letter regarding your reception of our radio station KOLT on 105.9 Mhz on the morning of 22 October, 1994 and can confirm same.

I am hopeful you will enjoy your upcoming holiday visit to New Mexico and will spend time listening to KOLT on a city grade signal!

Thank you for your information regarding the station in Sedona, Arizona. Since it is legally impossible for them to be using the same call letters as we do, I have forwarded your letter to our engineering department for further study.

Best Regards...

A handwritten signature in blue ink, appearing to read "BBT", is written over the typed name "Brad Barrett". The signature is stylized and somewhat abstract.

Brad Barrett
