Mr. Nittler,

Just a note to confirm the fact that you received WMUB's signal on July 9, 1996 from your monitoring point.

The on-air personality was Traci DiMartini as she concluded her program going into "Monitor Radio" at 4:00 pm local time.

I am amazed that you were able to receive our signal at that distance, especially with the "line-of-sight nature of FM signals.

It is good to hear from you, and hope you get a chance to enjoy our station at somewhat of a closer proximity in the future.

Best Wishes,
