December 21, 1994

Hi Bill!

I was very surprised when I got your letter today. Like you, I'm a DXer, so I know the excitement you must of felt when you heard us. Please when you have time, drop me a line. I'm very interested in what type of antenna and receiver you are using. KSJJ-FM broadcasts will 100,000 watts from a new tower that is in the Cascades. Our HAAT is about 875'. Look forward to hearing from you in the near future.

Sincerely,

Andy Kahn, PD KSJJ-FM
