Dear Bill,

Wow! We're so good that Colorado is listening! Yes Bill, I did receive your letter regarding a long distance contact with 97.9 KUGN-FM. You are probably right, if KISZ had not been off the air when it was I wouldn't be writing you this letter. I am sorry that all you were able to receive was commercials! It probably would have been more enjoyable to hear some music...maybe some John Denver.

Enclosed, please find some station bumper stickers and a KUGN FM loyal listener card. It's not much, but you may feel more a part of what we are doing in Eugene. Who knows, you may recruit more Colorado listeners for us, we can use all we can get!

Respectfully,

A handwritten signature in blue ink that reads "Tim Fox" followed by a long horizontal line extending to the right.

Tim Fox, Program Director KUGN FM.
