Dear Bill:

Thanks for your reception report. I was surprised to hear that there had been what must have been a sporadic E opening of such strength a few days ago. I'm also glad to hear that you are involving yourself in FM DXing.

The details in your report check as correct, so I can verify that your report of hearing WUOT on 91.9 MHz, 25 January 1979 at 9:13-9:15 a.m. EST, is correct.

I'm enclosing a copy of our program guide. I'd include a bumper sticker, too, but it's a bit too big for the SASE, hi.

73,

Glenn Hauser

P.S.: Remember me?

P.P.S.: I thought you had sent a long SASE. The program guide is then also too large. Well, this letter is all you really wanted, anyway....
