Re : DX-ing

Bill,

Wow! Picked up the FM at Mesa Verde? I'm impressed. Now if I can just convince the program director that the signal really DOES carry occasionally...

You did indeed pick up KAYD. I've enclosed a few items of interest. One is an overview of the KAYD lineup. Next is an area coverage map for (supposedly) all of our stations, however as the engineer, I can tell you that it looks like the coverage map for KIKR (listed on that sheet as KAYD-AM). The transmitter for the station you heard (KD97) is located east of Beaumont in Vidor. You'll see Vidor on the coverage map.

I've also included a list of other stations in SE Texas. Please note that KALO is presently off the air and is supposed to return with a spanish format (or so I've heard). Also threw in some bumper stickers. If there's anything else we can help with, please feel free to write, call (409-951-2513), or email me (jimmie.steele@cumulusb.com).

Thanks,

Jimmie Steele
