Dear Bill,

Congratulations for tuning in to KHOY 88.1 FM. Ours is a very low power station (3000 watts), so receiving us must have been quite a trick. Our normal range covers a portion of the southwest Texas area about forty to fifty miles.

KHOY is a non-profit, commercial-free, Catholic radio station, broadcasting easy listening music twenty-four hours a day. Our radio programs cover a broad range, from Catholic programming like talk shows and prayer broadcasts, both in Spanish and in English, to more culturally based programs like our weekend classical music series, "KHOY Presents the Classics," and "Soundings," a half-hour talk show featuring contemporary writers and poets, to sports programming, like exclusive broadcasting of Dallas Cowboys football games (Sports are the predominant pastime in the Laredo area.). Our slogan, which you received accurately, says it all: "KHOY is always Good Company."

Thanks for taking time out and writing to us. We hope you enjoyed listening to the music we had to offer and are able to tune in to us again in the future.

Sincerely,

KHOY Management and Staff
