

Dear Bill:

It was nice to get your letter. We apologize for not responding earlier. However, we hope that this letter of confirmation that, yes, we exist, helps in your collection endeavors. We hope everything in Mancos is going well, and we appreciate your letter. Enclosed is one of our station bumper stickers. Maybe this will help in your collections as well.

Sincerely,

A handwritten signature in blue ink that reads "Jason Taylor". The signature is fluid and cursive, with a long horizontal stroke at the end.

**Jason Taylor
Program Director
