A FORMBY STATION

Mr. Bill Nittler
603 W. 1st
McCook, NE. 69001.

Good morning Mr. Nittler,

Thank you for your letter on reception of KPAN FM on
September 29, 1977.

We had just installed a new Harris 2.5k transmitter with
a circular polarized antenna about two weeks before you
received that transmission. KAPN FM operates from 6:00
am until midnight, with an effective radiated power of
3Khz.

Keep your GE tuned in and your ears up.
