Dear Bill:

Thank you for your letter regarding reception of our station.

The signal you received came from our transmitter site located approximately 30 miles south of downtown Houston. We have a 6 bay antenna mounted at the top of our 2,000 foot tower. Our ERP is 95 KW.

Our studios are located 34 miles from the tower in southwest Houston.

Thank you again for letting us know of your reception.

Sincerely,

Mike Hudman
Chief Engineer
