Dear Mr. Nittler,

Thanks for your interest in our "Translator System", I have enclosed a translator map that shows the approximate location and communities, the channel the translators are on, their frequency for operation, and the power of each.

I hope this information will be useful to you. By the way, it might interest you to know that our system of translators is the largest translator "network" in the northern hemisphere.

Hope you'll keep listening.

Sincerely,

Michael C. Peterson
