

200,000 Watt FM Stereo

Jan. 11, 1979

Dear Bill,

I am sorry that your first letter went astray or whatever, we try to send QSL card to anyone who verifys reception of WRVQ.

Nebraska is a pretty far out place and I am delighted to send confirmation of your reception of our station. Don't get me wrong about Nebraska being far out. what I mean its a long way from Richmond, Virginia.

Tim Watts is no longer with us but thats the way it is with jocks, they move around quite a bit.

I am sending separately a QSL card with verification of your receiving our signal on 94.5 MHz on June 30, 1978.

If you will take the time to drop me your " T " shirt size I will send you a bonafide WRVQ "T" shirt. We should have some new one coming up in the near future.

Again Thankd four your interest.

Sincerely,

Harry Long
