July 3, 1990

Mr. Bill Nittler
Box 824
Mancos, Colorado 81328

Dear Mr. Nittler:

This letter is to confirm your reception of WAPL-FM at 8:40 PM CDT on June 28, 1990. We feel you received WAPL because we do run advertising for DuBois Formal Wear and play music from an artist named Collin James.

WAPL FM operates on 105.7 MHz with an effective radiated power of 100,000 watts at a height of 1175 feet above average terrain. Our transmitter site is located 14 miles east of Appleton and 8 miles south of Green Bay, Wisconsin. We use an eight bay antenna atop a 1040 foot tower driven by a 30 KW transmitter manufactured by Broadcast Electronics Inc.

Please let me know if you have any further questions.

A handwritten signature in black ink, appearing to read 'SJB'.

Steve Brown
