Mr. Maurice Whittler
Geneva
Nebraska

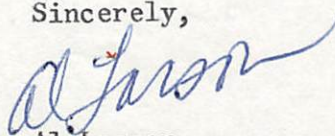

Dear Mr. Whittler:

We want to acknowledge and thank you for your letter of May 24 and verify to you that the BIG PAY-OFF was scheduled on our station at 12:30 p.m. Mountain Standard Time and in the station break we had the Westward Ho commercial spot scheduled.

We want to thank you for letting us know that you were able to receive us under the freak weather conditions which prevailed, and as we both know, this happens frequently when cloudy conditions are general.

We are passing this information along to our Chief Engineer, George McClanathan who happens to be out of town at the present time.

Sincerely,

Al Larson
Commercial Manager TV
