Mr. Maurice W. Nitler

Dear Mr. Nitler:

You were quite correct in your statement that we would be surprised to hear from you, a viewer, out in Nebraska. Sometimes this television does strange things.

There is no doubt that you were looking in on Channel 4 at the time you mentioned. Your description of the program and the slide "Look at Channel 4" were quite accurate.

If this should continue to occur, I would appreciate hearing from you again as it is an interesting and unusual situation.

Sincerely,

WRBL - TV
