1954

Mr. Maurice W. Nittler  
National Radio Club Member  
Box 94  
Geneva, Nebraska

Dear Mr. Nittler:

This is to acknowledge receipt of your report regarding reception on WSYR-TV in Geneva, Nebraska.

According to my information, we are going through a sun spot cycle which causes unusual long distance transmission which of course, is freakish and will eventually disappear.

For your information, WSYR-TV operates on 100,000 watts visual power and 50,000 watts aural, on Channel III.

Please accept this letter as verification of your reception of WSYR-TV and we wish to thank you for your interest in writing to us.

Very truly yours,  
Central New York Broadcasting Corp.
