• Dear Mr. Nittel:

This will serve as a verification of your report. Thank you so much for taking the time and effort to write us.

We have been receiving many letters and cards from all over the United States and although we would like to acknowledge all letters personally, we find that this is almost impossible. Therefore, we have compiled a brief summary which we hope will answer your question.

KGBT-TV, Channel 4 is located in Harlingen, Texas which is 25 miles Northwest of Brownsville and about 50 miles from Old Mexico. Our station is affiliated with CBS and ABC; has power of 100,000 watts.

Thanks again for your interest in our station.

Best regards,

KGBT TELEVISION
