**Dear Mr. Nittler:**

**Thank you for your letter regarding receiving KING 5 in Mancos. We always enjoy hearing from people out of our normal viewing area who get our signal.**

**For your information, our transmitter and antenna are located in Seattle, the center of radiation is 1,000 feet above sea level and the effective radiated power is 100,000 watts on Channel 5.**

**Again, thank you for your report.**

**Sincerely,**

**Jack Butler  
Assistant Chief Engineer**
